Date : 23rd July 2021

Subject: Company Name Change

To Whom it may concern,

This is to inform you that our company is about to change the business name from Feather Diesel Services Limited to Feather Diesel Services Trading as Merlin Diesel Systems Limited. The change will come into effect on 1st August 2021.

The new VAT number is 298 837 624 and new company reg no is. 2539463.

Please note that there has been no change in the local senior management within the business, but we will be bolstered by the support of our parent company which will enhance the range and availability of the products and services that we offer.

This change will not adversely impact our ongoing cooperation and agreed terms. The name change is a consequence of a previous takeover in 2018, made by Merlin Diesel Systems Limited and it intended to position us as part of the UK's largest independent and privately owned Diesel Systems business, by making clear relation with the parent company.

We would appreciate if you could bring this information to the attention of your department responsible for finances by making them aware of the contents of this letter.

Assuring you of our best attention during these exciting times and beyond.

Kind regards,

Anthony James
Operations Director – Merlin Diesel Systems Ltd

Jeff Morley
MD – Feather Diesel Services
